

WSL 60-F1 Series Single Door Sets

The Wrightstyle 60-F1 series of glazing systems provides an unlimited number of fire rated fenestration options. Utilizing a range of high quality steel profile shapes it provides countless possibilities for insulated fire applications.

Profiles are produced from 2mm cold rolled pre galvanized steel and filled with a unique fire infill to form the selection of profiles available.

Enhanced manufacturing procedures allows for strength, performance & slim sightlines.

OVERVIEW

- ◇ MULTIPLE FRAME OPTIONS
- ◇ MULTIPLE HARDWARE OPTIONS
- ◇ HIGH QUALITY GALVANIZING
- ◇ INTERNAL & EXTERNAL APPLICATION
- ◇ EI30 & EI60 PERFORMANCE
- ◇ POWDER COATED FINISH
- ◇ UNLATCHED OR LATCHED
- ◇ TAPE OR GASKET GLAZED

SYSTEM SCOPE

- ◇ Maximum Unlatched Door Frame:
 - ◇ EI30: 1.64m W X 2.82m H
 - ◇ EI60: 1.52m W X 2.57m H
 - ◇ EI90: 1.21m W X 2.43m H
- ◇ Maximum Latched Door Frame:
 - ◇ EI30: 1.5m W X 3.175m H
 - ◇ EI60: 1.4m W X 2.64m H
- ◇ Glazing From 10mm—40mm Thick
- ◇ 60mm Framing Depth
- ◇ Auto Opening Mechanism Available
